## PERSONAL PROFILE

I'm Tia and have a passion for problem-solving. I decided to do the Coder Academy Bootcamp and have loved every minute of my journey into the tech world. I hope to join a team that I can learn from, create exciting projects and further my tech skills. When I'm not coding, you'll find me with a book in hand, hiking, watching anime, playing with my dog, helping out at fire brigade events or gaming with friends.

## PROJECTS

### POKEMART

<https://rails-marketplace-app-t2a2.herokuapp.com/>

- My 2 way marketplace project, users can create listings with an image of the Pokémon Card they're selling, or browse the listings and buy them!
- Features - Devise authentication (Login/Signup), Payment checkout with Stripe and image upload with Cloudinary.
- Tech used - Ruby on Rails, PostgreSQL, deployed on Heroku, built in VS code.

### 3 INGREDIENT COOKBOOK

<https://github.com/Tia-Koenig/TIA3-TerminalApplication>

- My Terminal App project, I created an application using Ruby that would allow the user to find easy, 3 ingredient recipes by inputting up to 3 ingredients, they can also add their own recipes or remove any recipes they tried and didn't like.
